Reviewer's report

Title: Assessment of knowledge, attitude and practice and associated factors towards palliative care among nurses working in selected hospitals, Addis Ababa, Ethiopia

Version: 3 Date: 10 October 2013

Reviewer: Keith Swetz

Reviewer's report:

Minor Essential Revisions--Written English language is much better. Paper will still need to undergo copy editing for corrections of typos/spelling but is much clearer.

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.
