Reviewer’s report

Title: Factors associated with multiple transitions in care during the end of life following enrollment in a comprehensive palliative care program

Version: 2 Date: 5 May 2006

Reviewer: Irene J Higginson

Reviewer’s report:

General

I have no further comments

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept after discretionary revisions

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: Yes

Declaration of competing interests:
