Reviewer's report

Title: Out-of-hours palliative care provided by GP co-operatives: availability, content and effect of transferred information.

Version: 2 Date: 3 July 2009

Reviewer: Larry Librach

Reviewer's report:

The attribution of causality of information availability and referral to hospital is speculation on your part and not soundly supported by the evidence.

Level of interest: An article of importance in its field.

Quality of written English: Needs some language corrections before being published.

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.
