Reviewer's report

Title: 'Palliative care': a contradiction in terms? A qualitative study among cancer patients with a Turkish or Moroccan background, their relatives and care providers

Version: 4  Date: 7 June 2010

Reviewer: Alex Molassiotis

Reviewer's report:

I have looked at the paper and the authors have made the requested changes very carefully, the manuscript reads now much better. The only minor thing is that the authors state in the text a 'diagram' when this is Table 2.
