Reviewer's report

**Title:** Determinants of serum levels of vitamin D: A study of reproductive history, life-style, dietary intake, serum calcium, and PTH

**Version:** 2  **Date:** 8 May 2013

**Reviewer:** Briana Rudick

**Reviewer's report:**

High level of interest, I'm just not sure if its telling us very much new information, and I'm not sure what we can do with it clinically.

**Level of interest:** An article whose findings are important to those with closely related research interests

**Quality of written English:** Acceptable

**Statistical review:** Yes, but I do not feel adequately qualified to assess the statistics.

**Declaration of competing interests:**

I declare that I have no competing interests.
