Reviewer's report

Title: Highly-cited estimates of the cumulative incidence and recurrence of vulvovaginal candidiasis are inadequately documented

Version: 2 Date: 8 July 2013

Reviewer: Macit Ilkit

Reviewer's report:

This paper was an excellent review of many aspects of Candida vaginitis. In addition, I suggest mentioning the need for further studies and proposing a few directions for these studies.

Level of interest: An article of outstanding merit and interest in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
