Reviewer's report

Title: Perceptions and barriers of vaccinating daughters with Human Papillomavirus (HPV) vaccination among mothers in Hong Kong

Version: 2 Date: 31 March 2014

Reviewer: Eleanor Holroyd

Reviewer's report:

1. Is the question posed by the authors well defined?
   These are not clear
2. Are the methods appropriate and well described?
   adequate, but not well supported, little attention to rigor and theory, clouded by poor English
3. Are the data sound?
   yes
4. Does the manuscript adhere to the relevant standards for reporting and data deposition?
   yes
5. Are the discussion and conclusions well balanced and adequately supported by the data?
   needs stronger implications for health service provision in a Chinese context
6. Are limitations of the work clearly stated?
   yes
7. Do the authors clearly acknowledge any work upon which they are building, both published and unpublished? yes
8. Do the title and abstract accurately convey what has been found?
   yes
9. Is the writing acceptable?
   No needs an English editor
