Reviewer's report

Title: Awareness and correlates of the role of physical activity in breast cancer prevention among Japanese women: a cross-sectional study

Version: 1 Date: 15 April 2014

Reviewer: Ali Montazeri

Reviewer's report:

In general the paper reads well and merits publication. However, before its publication there is need for a careful proof reading.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, and I have assessed the statistics in my report.
