Reviewer's report

**Title:** Newer insights into the mechanism of antidiarrhoeal activity of Psidium guajava L. leaves.

**Version:** 1 **Date:** 10 June 2010

**Reviewer:** Raffaele Capasso

**Reviewer's report:**

I have only minor comments.
1) The Authors should indicate the EC50 values
2) The extract should contain a type of standardization (e.g. fingerprint)

**Level of interest:** An article whose findings are important to those with closely related research interests

**Quality of written English:** Acceptable

**Statistical review:** Yes, and I have assessed the statistics in my report.
