Reviewer's report

Title: In vitro activities of natural products against oral Candida isolates from denture wearers

Version: 2  Date: 15 July 2011

Reviewer: Sydney Alves

Reviewer's report:

The authors describe the activities of selected natural products against oral Candida isolates from denture wearers.

The study was well conducted and the results are in accordance with others. The study shows new results and deserves publication.

The manuscript is clear and well written. I have no further questions to enhance the study.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
