Reviewer's report

Title: Rectal gel application of Withania somnifera root extract denotes anti-inflammatory and muco-restorative activity in TNBS-induced Inflammatory Bowel Disease

Version: 2 Date: 18 March 2011

Reviewer: Andrzej Gaamian

Reviewer's report:

The revised version of manuscript is highly improved. Careful reading of new version of manuscript compared to original one, also the letter of authors, all indicates that authors considered all comments of all reviewers. It is now very clearly written, easy for reading by readers. Results are interesting, of biomedical importance, also for practical application.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
