Title: Translation and adaptation of an international questionnaire to measure usage of complementary and alternative medicine (I-CAM-G)

Version: 5 Date: 4 December 2012

Reviewer: Vinjar Fonnebo

Reviewer's report:

Major compulsory:
1. The first section of the DISCUSSION is way too long. There is no need to repeat results in that level of detail. The authors should definitely be able to sum up their results in two fairly short sentences.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, and I have assessed the statistics in my report.
