Reviewer's report

Title: Natural resistance to ascorbic acid induced oxidative stress is mainly mediated by catalase activity in human cancer cells and catalase-silencing sensitizes to oxidative stress

Version: 2 Date: 19 January 2012

Reviewer: Hiroomi Tamura

Reviewer's report:

The revised manuscript is now acceptable for publication in this Journal.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
