Reviewer's report

Title: Antioxidant and gastric cytoprotective prostaglandins properties of Cassia sieberiana root bark extract as an anti-ulcerogenic agent.

Version: 2 Date: 12 November 2011

Reviewer: Anderson Luiz-Ferreira

Reviewer's report:

Major compulsory revisions. The authors must discuss the questions that are attached.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.

Declaration of competing interests:

I declare that I have no competing interests.
