Reviewer's report

Title: In vitro antioxidant potential of Dicaliptera roxburghiana

Version: 1 Date: 4 January 2013

Reviewer: Sunday Adesegun

Reviewer's report:

There are lots of typographical and grammatical errors. Methods need to be re-written to follow standards for reporting and data deposition. All phytochemical results are preliminary and must be reflected in the article. Results need to be re-written. Discussion is very poor, needs improvement.

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.
