Reviewer's report

Title: Gene expression profiling reveals underlying molecular mechanism of hepatoprotective effect of Phyllanthus niruri on thioacetamide-induced hepatotoxicity in Sprague Dawley rats

Version: 3 Date: 20 April 2013

Reviewer: madhavan G. nampoothiri

Reviewer's report:

Dear sir,
Thank you for the opportunity given to me for reviewing the article.
I appreciate the efforts put on by the authors.
The drawbacks pointed out were seriously taken into consideration and corrected accordingly.
The Explanations given by the authors are clear and satisfactory.

So as a reviewer I recommend this article may be considered for publication depending on editors decision.

Regards
Madhavan Nampoothiri G
