Reviewer's report

Title: A randomised controlled trial of the use of aromatherapy and hand massage to reduce disruptive behaviour in people with dementia

Version: 4 Date: 16 April 2013

Reviewer: Emmelyne Vasse

Reviewer's report:

I would like to thank the authors for the re-revised manuscript. My comments are addressed adequately. I have no further remarks.

I suggest that the authors check the manuscript for typo's and spelling before publication. I noticed some typo's when reading the manuscript.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
