Reviewer's report

Title: Germinated brown rice and its Bioactives modulates the activity of uterine cells in Oophorectomized rats as evidenced by gross, cyto-histological and immunohistochemical changes

Version: 2 Date: 3 June 2013

Reviewer: Fazliana Mansor

Reviewer's report:

The edited version has been improved according to the reviewers’ comments. The writing of the introductory paragraph is not smooth enough, although it’s understood. There are still a many minor punctuation errors. Please check punctuation marks and the use of capital letters.

The work is acceptable for publication.

Level of interest: An article of limited interest

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.
