Reviewer’s report

**Title:** The in vitro antifungal activity of flavonoids against *Trichophyton rubrum* is due to the inhibition of fatty acid synthase and a reduction in ergosterol content

**Version:** 4 **Date:** 6 July 2013

**Reviewer:** Susana Zacchino

**Reviewer’s report:**

The authors have taken into account all the requirements of this reviewer in the new version, so in my opinion the work can be accepted for publication without corrections.

**Level of interest:** An article whose findings are important to those with closely related research interests

**Quality of written English:** Acceptable

**Statistical review:** No, the manuscript does not need to be seen by a statistician.

**Declaration of competing interests:**
