Reviewer's report

Title: Moxibustion in the management of irritable bowel syndrome: systematic review and meta-analysis

Version: 4 Date: 19 July 2013

Reviewer: Katja Boehm

Reviewer's report:

The researchers have invested a great deal of additional time and effort and improved the manuscript according to the reviewers' comments. This is reflected in the quality of the paper which I now accept for publication with no further comments.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I have no competing interests to declare.
