Reviewer's report

**Title:** In vitro Anti-mycobacterial activity of Selected Medicinal Plants against Mycobacterium tuberculosis and Mycobacterium bovis Strains

**Version:** 2  **Date:** 7 October 2013

**Reviewer:** keriman ozadali

**Reviewer's report:**

Minor Essential Revisions:

1. Manuscript needs language corrections before being published.
2. Units of measurement (for example µg/ml, %, °C etc.) are not same format in the all manuscript. They should be corrected.
3. In results and discussion part; "The crude 80% methanol extracts of leaves of A. abyssinica and E. camaldulensis showed the greatest...." statement is not correct. Because Ec MIC value against H37Rv is not 6.25 µg/ml or Aa MIC value is not 6.25 µg/ml against SIT73. The statement should be corrected.
4. The part starting with "Despite intense hard work to control..." until end of the results and discussion can be carried to introduction section.

**Level of interest:** An article of importance in its field

**Quality of written English:** Needs some language corrections before being published

**Statistical review:** No, the manuscript does not need to be seen by a statistician.
