Title: Use of alternative medicine for hypertension in Buikwe and Mukono districts of Uganda: A cross sectional study

Version: 4 Date: 7 October 2013

Reviewer: Pauline Osamor

Reviewer's report:

The use of alternative medicine for hypertension in Buikwe and Mukono districts of Uganda: A cross sectional study is an interesting topic in the field of hypertension management. This paper reads well now and the authors' additions to the background, result and the discussion sections have improved the clarity and the relevance for readers. This research is well written and acceptable.
