Reviewer's report

Title: Potential therapeutic role of Tridham in human hepatocellular carcinoma cell line through induction of p53 independent apoptosis

Version: 2 Date: 10 November 2013

Reviewer: Aditi Roy

Reviewer's report:

1. The comments for the manuscript entitled “Potential therapeutic role of Tridham in human hepatocellular carcinoma cell line through induction of p53 independent apoptosis” by Shanthi et al. (MS ID: 1278307699101581) has been adequately addressed in the revised version.

Accordingly, I would like to recommend acceptance for publication in Biomed Central Journal of Complementary & Alternative Medicine.

2. Please check for minor formatting issues as part of a copy-edit.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
