Reviewer’s report

Title: In vitro antimycobacterial activity of nine medicinal plants used by ethnic groups in Sonora, Mexico

Version: 1 Date: 18 March 2013

Reviewer: Tulin Askun

Reviewer’s report:

Minor Essential Revisions, Author(s) should check the correct writing of some words such as characterised, authentified, analysed and colaborators

As a discretionary revision, author might be chosen to give much more ethnobotanical usage of these plants for various diseases.

I can say for this article is that;
- an article of importance in its field and,
- these findings are important to those with closely related research interests.

This manuscript is acceptable for publication if the minor corrections are made below
