Reviewer's report

**Title:** Preliminary antimycobacterial study on selected Turkish plants (Lamiaceae) against Mycobacterium tuberculosis and search for some phenolic and flavonoids from the plants

**Version:** 4  **Date:** 28 November 2013

**Reviewer:** Mariam Degani

**Reviewer's report:**

1. The title should be amended to phenolic constituents.
2. In the list of abbreviations, BACTEC has not been mentioned.
3. Though the manuscript has been substantially revised, it still has spelling and grammatical errors and some of the corrections suggested by reviewers have not been addressed.

**Level of interest:** An article whose findings are important to those with closely related research interests

**Quality of written English:** Needs some language corrections before being published

**Statistical review:** No, the manuscript does not need to be seen by a statistician.

**Declaration of competing interests:**

as mentioned in earlier review
