Reviewer’s report

Title: Ardisia crispa roots inhibit cyclooxygenase and suppress angiogenesis

Version: 1 Date: 28 September 2013

Reviewer: nafiseh khosravi

Reviewer’s report:

1- This article can be shorter than this
2- I think in discussion we can eliminate some parts that are not essential.
3- for example Ardisia crispa(family)
4- In the abstract do not write abbreviation(ACRH, QRF ).
5- if they have other identification data please submit and explain in the article.

Level of interest: An article of insufficient interest to warrant publication in a scientific/medical journal

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.
