Reviewer's report

Title: Oral treatment with Euterpe oleracea Mart. (acai) extract improves cardiac dysfunction and exercise intolerance in rats subjected to myocardial infarction

Version: 2 Date: 23 April 2014

Reviewer: Patricia Lisboa

Reviewer's report:

Minor Essential Revisions.
Clarify: "acai" OR "açai" (text vs reference list);
Explain the choice of the dose and treatment period;
Concerning the "oral treatment": in drinking water or by gavage?
Can this oral treatment change water or food intake?
Did acai treatment alter adiposity?

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
