Reviewer's report

Title: Postprandial glucose-lowering effects of fermented red ginseng in subjects with impaired fasting glucose or type 2 diabetes: A randomized, double-blind, placebo-controlled clinical trial

Version: 6 Date: 19 February 2014

Reviewer: Iris F Benzie

Reviewer's report:

Most of the reviewers' comments have been adequately addressed, and the paper is improved. However, the lipid data are clearly wrong - they are far too high - there must have some error made in conversion from mg/dl to mmol/l.

The data need to be corrected - and it would be worth checking the other converted data for errors.

There are some formatting/spacing problems in the reference list.
