Reviewer's report

**Title:** Effects of Korean Red Ginseng (Panax Ginseng Meyer) on Bisphenol A Exposure and Gynecologic Complaints: Single blind, randomized clinical trial of efficacy and safety

**Version:** 5  **Date:** 7 May 2014

**Reviewer:** Ki-Chan Ha

**Reviewer's report:**

- **Major Compulsory Revisions**
  1. The authors should explain the scientific evidence why 2.7 g/day of KRG has been determined as administration dosage. (For example, in vivo or clinical trials)

- **Minor Essential Revisions**
  1. The difference between group presented Fig5.

**Level of interest:** An article of importance in its field

**Quality of written English:** Acceptable

**Statistical review:** Yes, but I do not feel adequately qualified to assess the statistics.
