Reviewer's report

Title: Electroacupuncture decreased cognitive impairment and promotes neurogenesis in the APP/PS1 transgenic mice

Version: 3  Date: 15 December 2013

Reviewer: Zhi-Ling Guo

Reviewer's report:

My concerns have been addressed by authors.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, and I have assessed the statistics in my report.
