Title: Radioprotective effect of the Barbados Cherry (Malpighia glabra L.) against radiopharmaceutical Iodine-131 in Wistar rats in vivo

Version: 6 Date: 4 November 2013

Reviewer: Seyed Jalal Hosseiminehr

Reviewer's report:

In revised manuscript, authors were not mentioned corrections with track change or underline in texts, if I will check it, it take a long time for me.
I can not re-review. Usually editor office should be checked these corections in texts and then back to reviewers for assement.

Sincerely
