Reviewer's report

Title: Some Strychnos spinosa (Loganiaceae) leaf extracts and fractions have good antimicrobial activities and low cytotoxicities

Version: 2 Date: 19 October 2014

Reviewer: Gary Dykes

Reviewer's report:

The authors have addressed the queries raised by the reviewers about the previous version of the manuscript to a sufficient extent.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests
