Reviewer's report

Title: Antihypertensive potential of the aqueous extract which combine leaf of Persea americana Mill. (Lauraceae), stems and leaf of Cymbopogon citratus (D.C) Stapf. (Poaceae), fruits of Citrus medical L. (Rutaceae) as well as honey in ethanol and sucrose experimental of model

Version: 3  
Date: 2 September 2014

Reviewer: Rungrudee Srisawat

Reviewer's report:

- Minor Essential Revisions
  1. Still need to check English throughout the MS: spelling space consistency of using abbreviations, comma, gramma
  2. Results: in MS use the word ethanol but in the legend of the figures and tables use alcohol. It will be better to make consistency by changing alcohol (Alc) to Ethanol (EtOH). However, it's up to the authors' opinion.
  3. Figures: Figure 7 need to put standard bar.

References: Need to check Abbreviation of the journal.

Level of interest: An article of limited interest

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.
