Title: In vitro metabolism studies of erythraline, the major spiroalkaloid from Erythrina verna

Version: 3 Date: 6 January 2014

Reviewer: Kazuhiro Takemoto

Reviewer’s report:

The authors have clearly answered the reviewers’ questions. However, the revised manuscript is similar with the previous one. I mean, the manuscript have **NOT** revised according to the reviewers’ comments (although the authors might submit the previous version in the wrong). Before acceptance, the authors should provide deeper explanations, as the authors mentioned in the authors’ response.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
