Reviewer's report

Title: Complementary and alternative medicines (CAMs) and adherence to mental health medications

Version: 2 Date: 21 August 2013

Reviewer: Jerome Sarris

Reviewer's report:

Overall this paper explores an interesting premise. Please add in the abstract your a priori reason for thinking of the relationship between CAM and adherance to medication.

Nothing to add further.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
