Reviewer’s report

Title: A gap between acceptance and knowledge of herbal remedies by physicians: The need for educational intervention

Version: 3 Date: 12 October 2005

Reviewer: Kathi Kemper

Reviewer’s report:

General
No comments. They responded well to previous suggestions.

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No

Declaration of competing interests:
