Reviewer’s report

Title: A gap between acceptance and knowledge of herbal remedies by physicians: The need for educational intervention

Version: 3 Date: 14 September 2005

Reviewer: m frenkel

Reviewer’s report:

General Accept... revisions made according to criticism

-------------------------------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-------------------------------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-------------------------------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

-------------------------------------------------------------------------------------------------------------------

What next?: Accept without revision

Level of interest: An article of importance in its field

Quality of written English: Acceptable
