Reviewer's report

Title: An Ayurvedic herbal food supplement (MAK5) restores decreased immune functions in aged mice

Version: 4 Date: 8 February 2005

Reviewer: Takuji Tanaka

Reviewer's report:

General
The revised manuscript has been greatly improved and is now suitable for publication in the journal.

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)
The authors have responded all major comments and revised adequately.

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)
The authors have corrected and revised based on the minor comments

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No
