Reviewer's report

Title: Effects of Maharishi Amrit Kalash 5 as an Ayurvedic herbal food supplement on immune functions in aged mice

Version: 7 Date: 17 February 2005

Reviewer: Mark Miller

Reviewer's report:

General

------------------------------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)
None

------------------------------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

------------------------------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

Correct wording (language) P15 line 2 "researches" should read "research" and on page 13 line 1 "researches" should read "researchers".

What next?: Accept after discretionary revisions

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No
