Reviewer's report

Title: Anticancer activity of extracts derived from the mature roots of Scutellaria baicalensis on human malignant brain tumor cells

Version: 3 Date: 12 August 2006

Reviewer: Franky Chan

Reviewer's report:

General
The authors have replied to the concerns raised by the Reviewer and made the changes accordingly. The Reviewer recommended to the Editor that the revised manuscript should be acceptable for publication.

-------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

-------------------------------------------------------------------------------

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: Yes
