Reviewer’s report

Title: Mistletoe lectin is not the only cytotoxic component in fermented preparations of Viscum album from white fir (Abies pectinata)

Version: 3 Date: 12 April 2007
Reviewer: Kurt S. S Zaenker

Reviewer’s report:

General
now I found the ms acceptable for publication, but not with high priority.

--------------------------------------------------------------------------------------
Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

--------------------------------------------------------------------------------------
Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

--------------------------------------------------------------------------------------
Discretionary Revisions (which the author can choose to ignore)
