Reviewer’s report

Title: Doctors views of complementary and alternative medicine (CAM) and its role within the NHS: an exploratory qualitative study

Version: 2 Date: 7 May 2007

Reviewer: Kell Julliard

Reviewer’s report:

General
The authors have done a good job of revising the manuscript. I found the flow of ideas clearer and their case more compelling.

-------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
