Title: A scoping review of research regarding Complementary and Alternative Medicine (CAM) and mass media: Looking back, moving forward

Version: 2 Date: 27 May 2008

Reviewer: Deborah Sharp

Reviewer's report:

The researchers have undertaken a very thorough revision of the manuscript and attended in great detail to all the comments of the 3 reviewers. I am happy for the editors to take the final decision re publication. Perhaps my only quibble is that the researchers have ended up having to ignore the quality issue at all stages in their process. I would like to think that the next study will be able to take this into account.
