Reviewer's report

Title: Syzygium jambolanum treatment improves survival in lethal sepsis induced in mice.

Version: 1 Date: 9 August 2008

Reviewer: Dong-Keun Song

Reviewer's report:

Major Compulsory Revisions

Although HCE induces neutrophil accumulation (it is also known to have bactericidal activity in vitro), it did not affect CFU. The author should discuss about the possible reason(s) for this apparent discrepancy.

Minor Essential Revisions

seric --> serum
specie --> species

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.
