Reviewer's report

Title: Intranodal palisaded myofibroblastoma originating from retroperitoneum: An unusual origin.

Version: 2 Date: 18 May 2011

Reviewer: Gaetano Magro

Reviewer's report:

The present paper contributes to widen the anatomic site of origin of intranodal myofibroblastoma.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
