Reviewer's report

Title: Pepsinogen I and II expressions in situ and their correlations with serum pesignogen levels in gastric cancer and its precancerous disease

Version: 2 Date: 15 May 2013

Reviewer: Leimin Sun

Reviewer's report:

In conclusion, it is a manuscript worthy of publication.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.

Declaration of competing interests:
