Reviewer's report

Title: Comparison of metabolic ratios of urinary estrogens between benign and malignant thyroid tumors in postmenopausal women

Version: 2 Date: 29 August 2013

Reviewer: Thomas O Metz

Reviewer's report:

The authors have sufficiently addressed my previous concerns.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
