Reviewer's report

Title: Efficient and reproducible identification of mismatch repair deficient colon cancer: validation of the MMR index and comparison with other predictive models

Version: 4 Date: 18 March 2013

Reviewer: Marta Pineda

Reviewer's report:

The authors have now addressed the issues raised by the reviewers and the paper has improved.
From my point of view the paper is now acceptable for publication.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.

Declaration of competing interests:
