Reviewer's report

Title: Comparability of HbA1c and lipids measured with dried blood spot versus venous samples: A systematic review and meta-analysis

Version: 2 Date: 10 April 2014

Reviewer: William Funk

Reviewer's report:

The authors have addressed all requested revisions in a satisfactory manner. The review provides a valuable contribution to the literature, and my recommendation is to accept the manuscript in its current draft for publication.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.

Declaration of competing interests:

I declare that I have no competing interests.
