Reviewer's report

Title: Giant osteoclasts in patients under bisphosphonates

Version: 1 Date: 25 February 2014

Reviewer: Kim Henriksen

Reviewer's report:

Major Compulsory Revisions
The major issue with this paper is the case report nature, i.e. only two patients included.
Otherwise it is sound

Level of interest: An article of limited interest

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
